

T-34

David Pohan

Co to vlastně je?

# Ruský bitevní tank

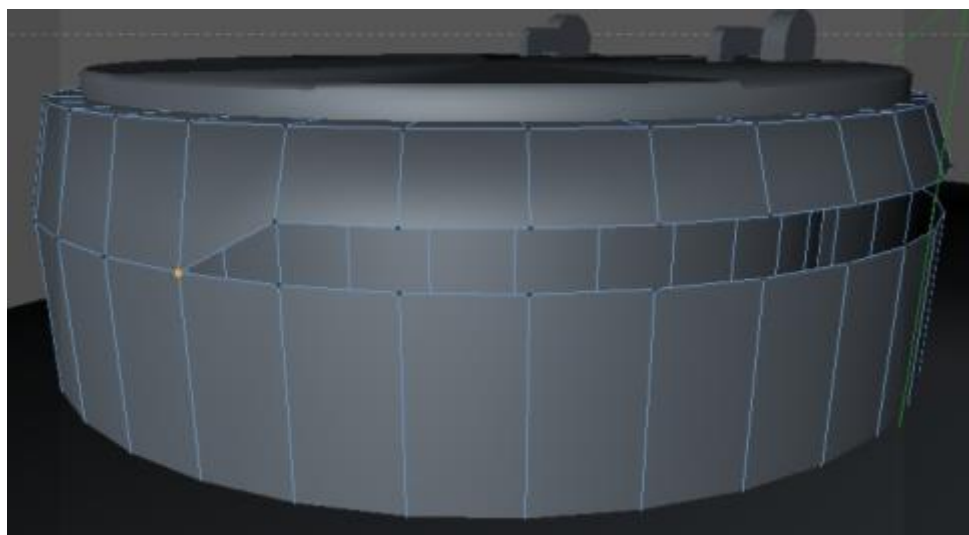

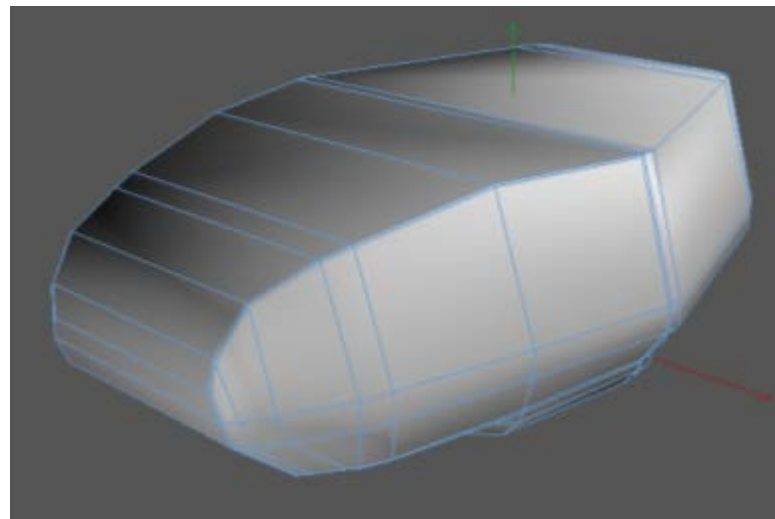

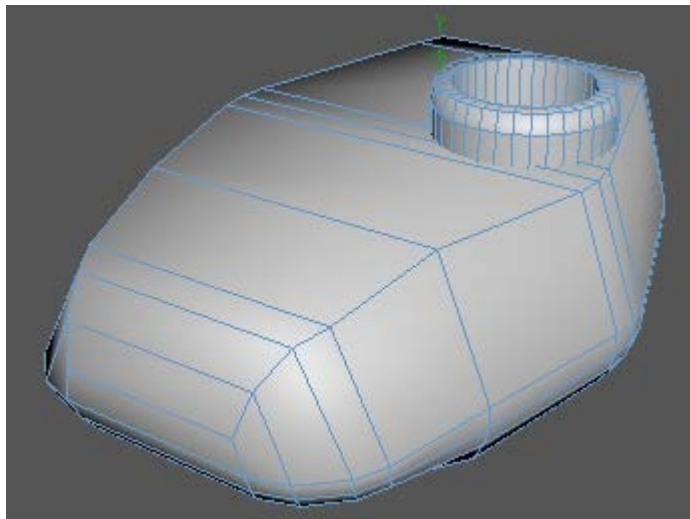

- Poprvé nasazen roku 1940 za WWII v řadách Sovětského Svazu
- Rusko dodávalo a nechávalo tyto tanky vyrábět ve spoustě zemí včetně ČSR

# Proč?

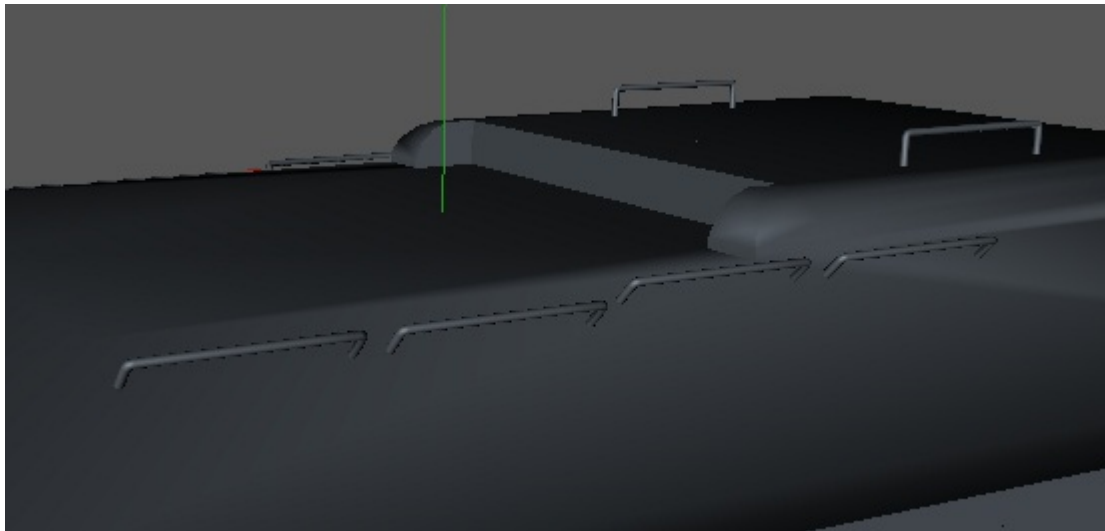

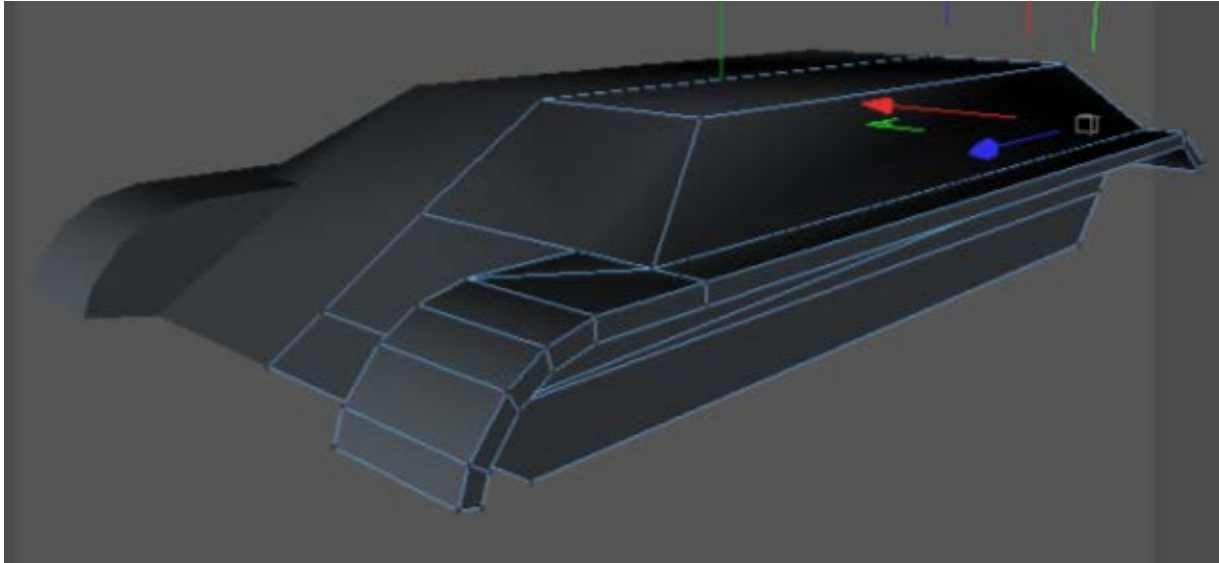

- T-34 jsem si vybral, protože se mimo jiné zajímám o WWII a vojenství
- Tak nějak se mi tento tank líbí
- (Mám ho i ve World of Tanks)

Jak?

# Věž

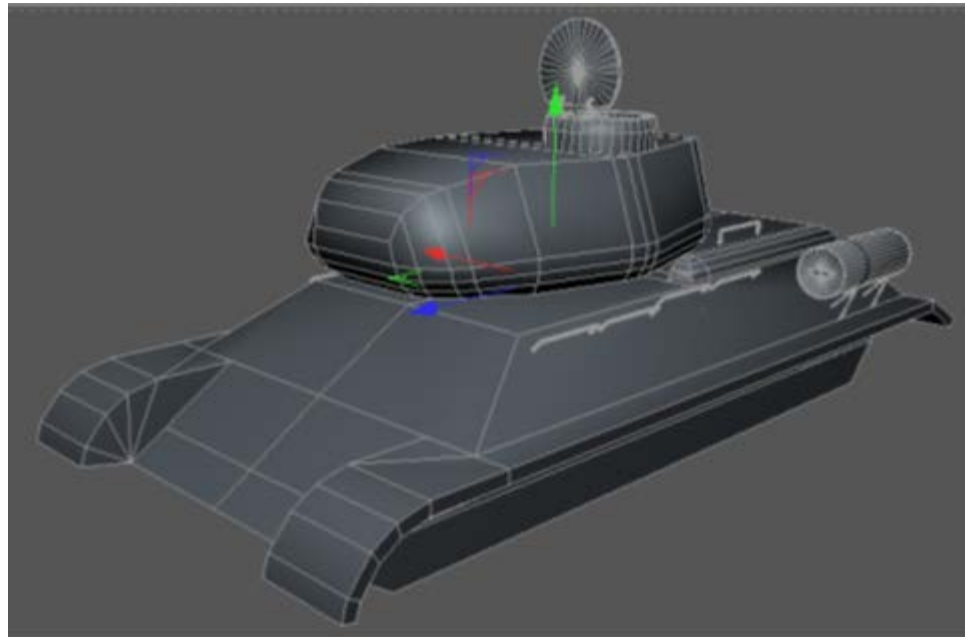

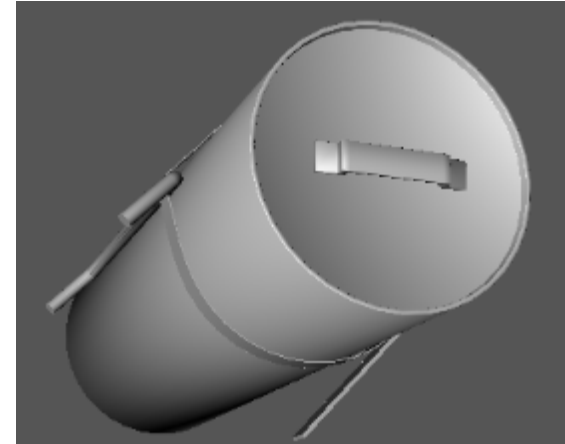

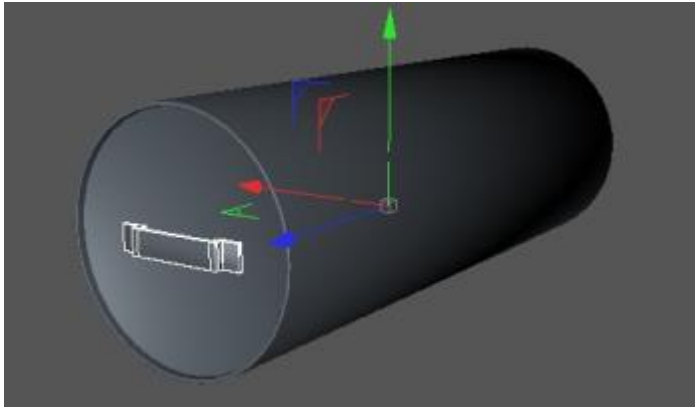

# Trup

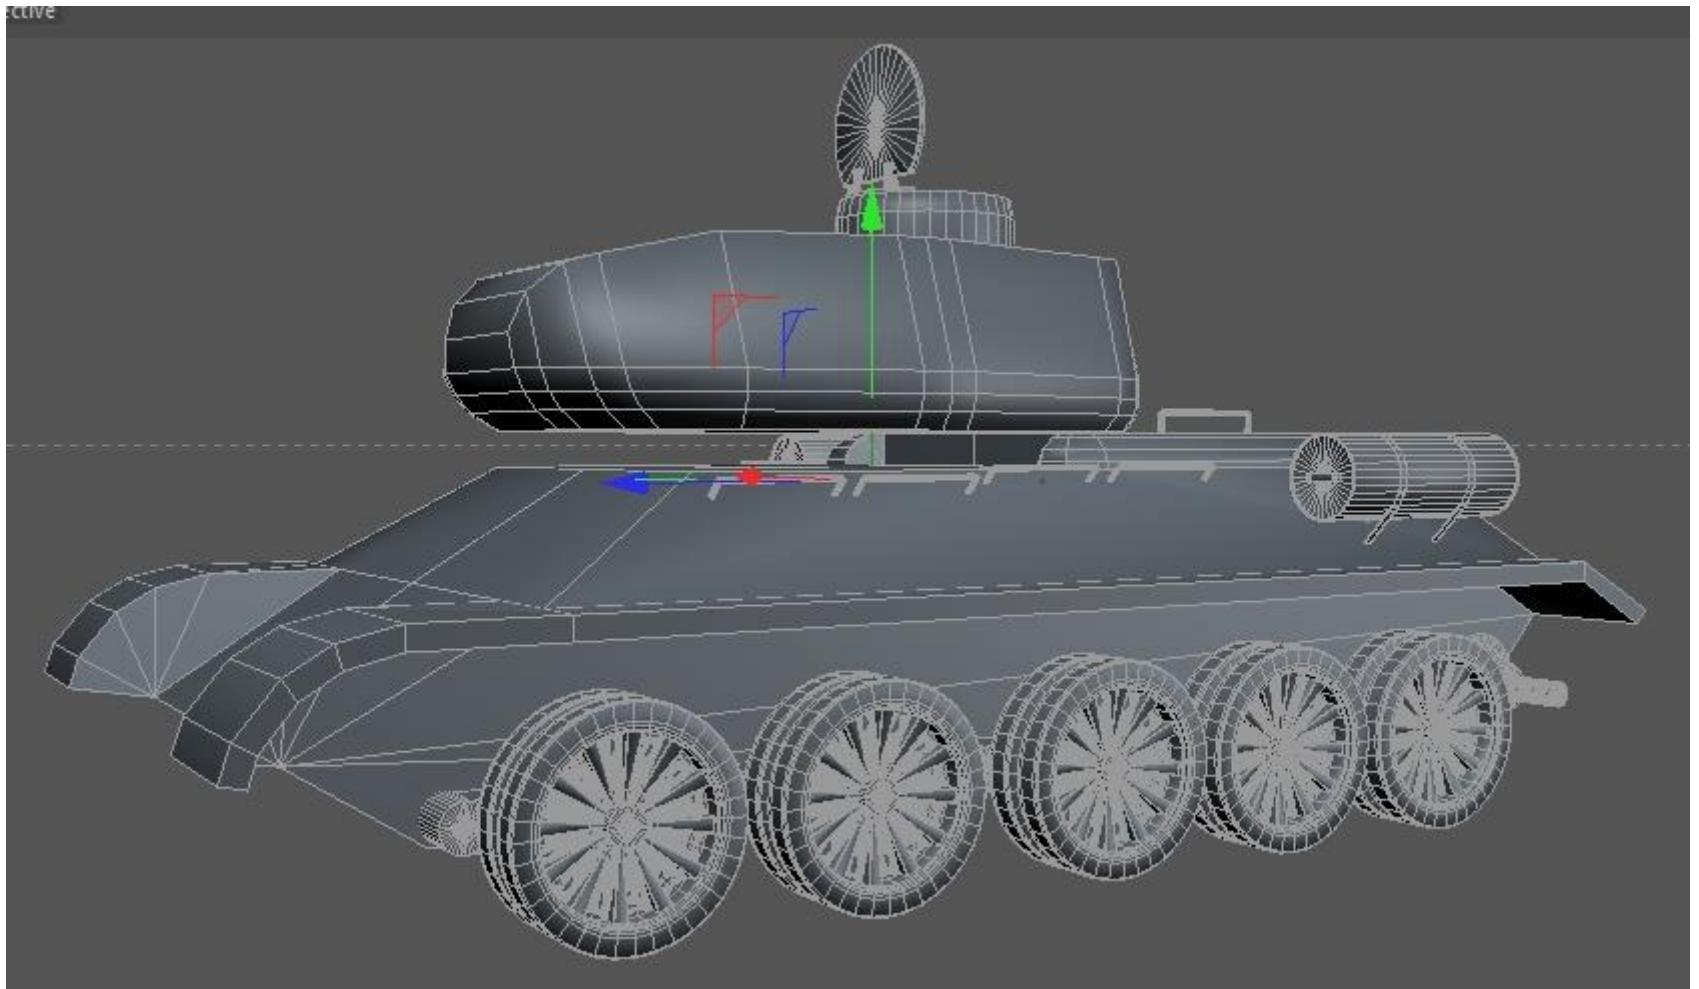

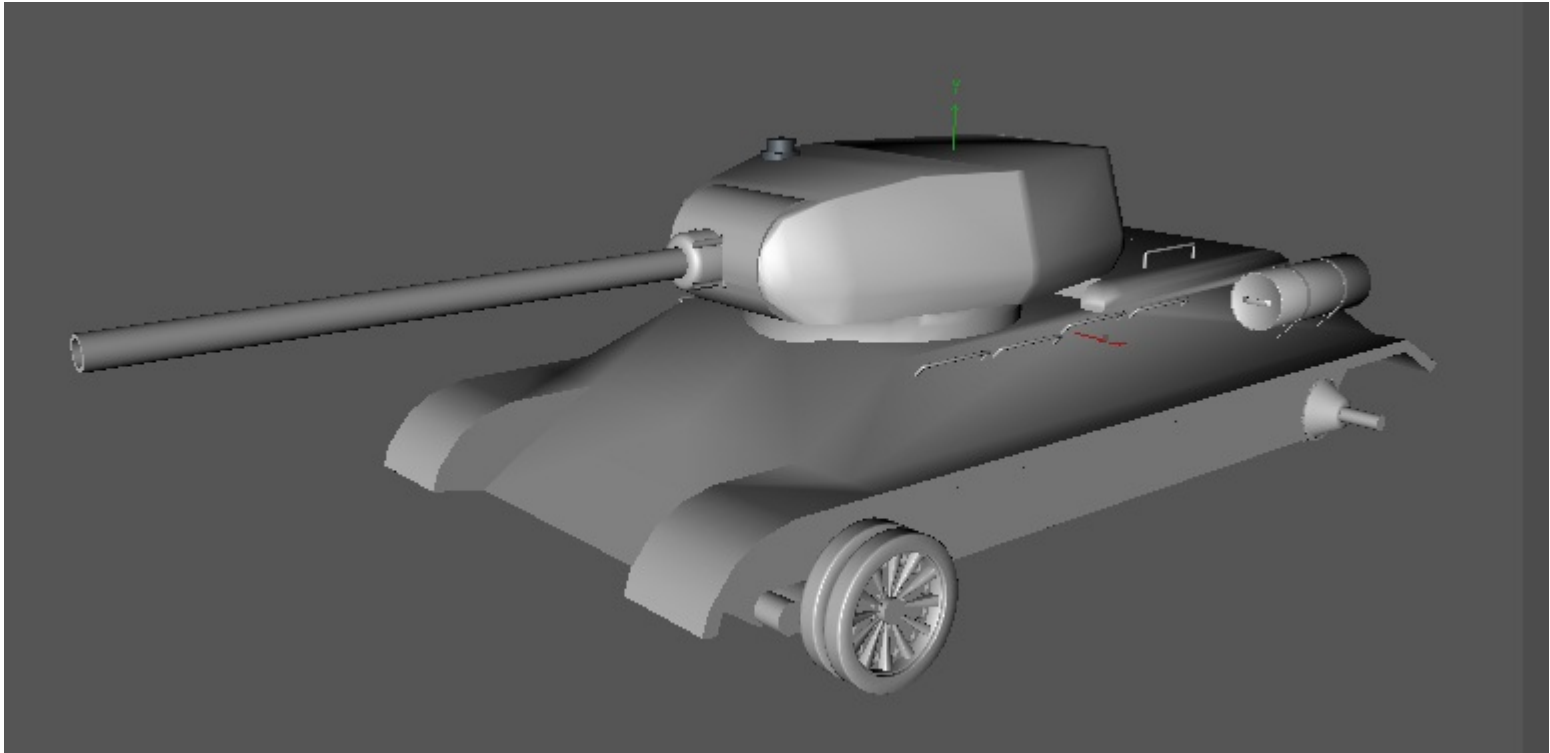

# Barely

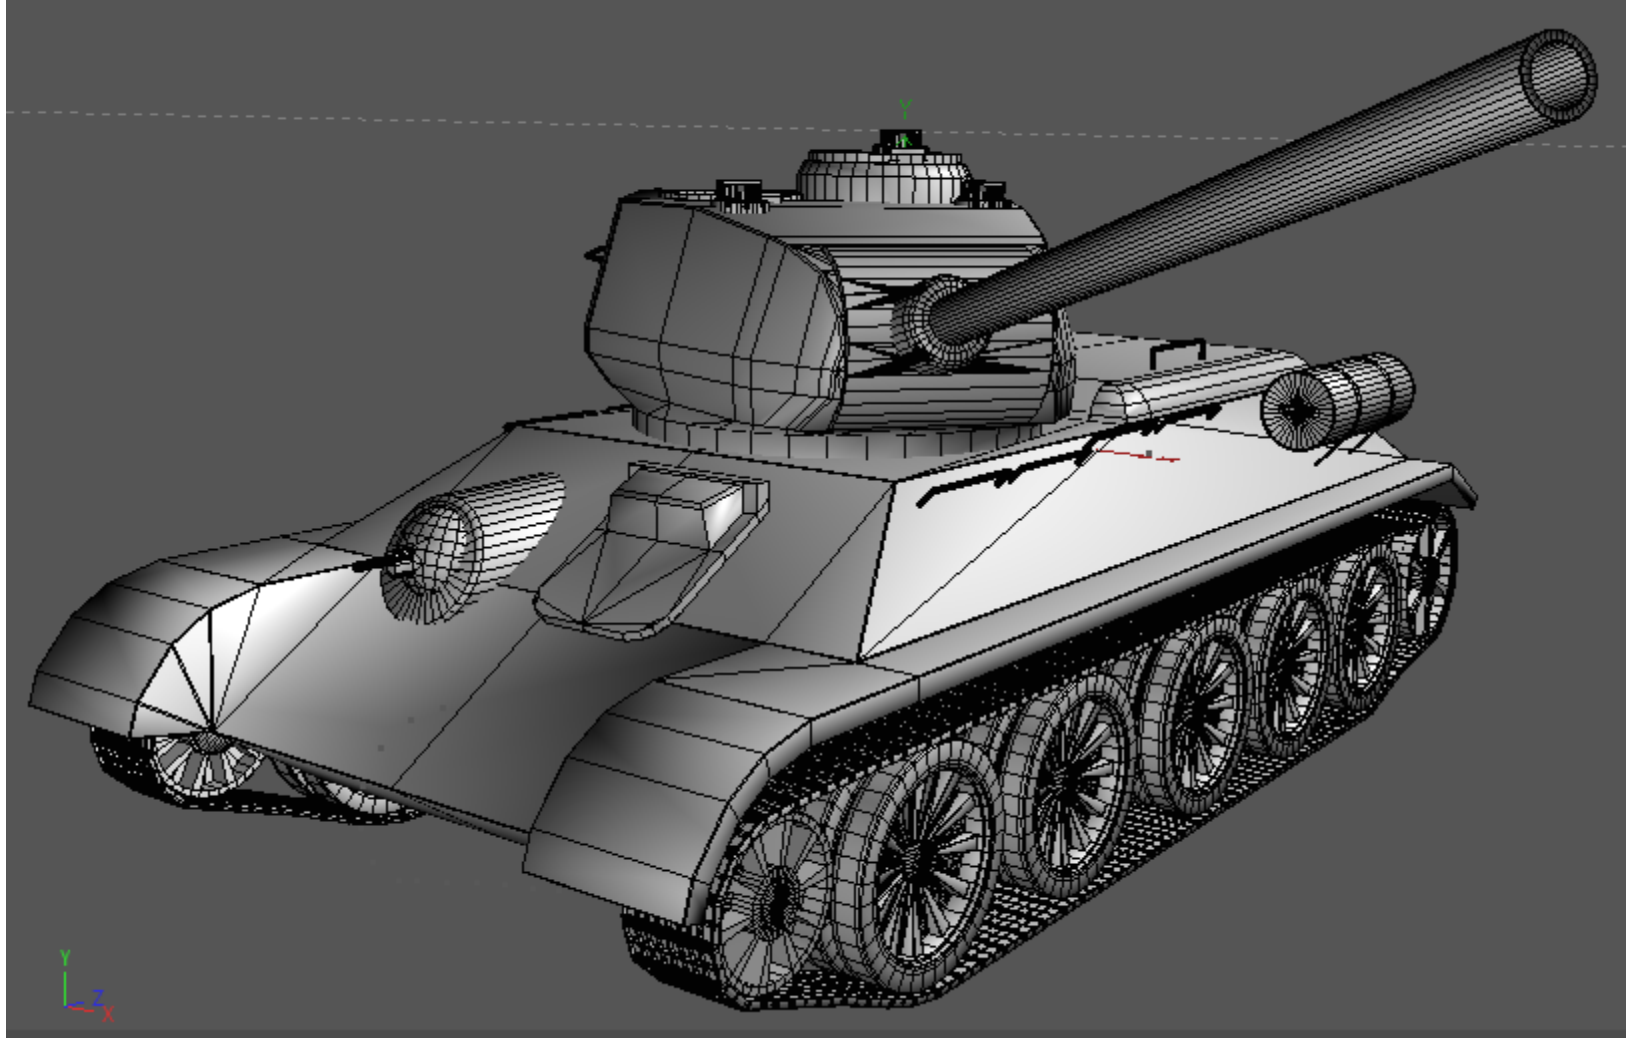

# Kola

# Dělo

**Děkuji za pozornost!**
